

Exclusive to Bob & Pete's 100% Yum from 1 September 2009

Micks Bakehouse Pies

From Tuesday September 1st our current range of pies will no longer be available.

After an extensive period of customer research it was clear our customers wanted a better pie - a truly GOURMET pie. We have found what we believe to be THE BEST - Mick's Bakehouse!

Mick's Bakehouse is a multi-award winning bakery, winning Champion Meat Pie and Champion Gourmet Pie (no mean feat!) at the 2009 Royal Sydney Fine Food Show as well as a slew of gold, silver and bronze medals.

The Mick's Bakehouse range will include all the classic flavours, as well as some mouth-watering deluxe options like "Surf & Turf" and "Chicken, Cranberry & Camembert".

We will be replacing a small number of the less popular flavours, but the complete new range will in fact be much broader - so we are sure you will find something to tempt your tastebuds! Should you have any trouble deciding, your angel can assist you.

There will be a small price increase (an average of 8% across the range) however, we believe that once you taste our new pies you will understand why we chose to offer a better quality pie rather than a cheaper pie that wouldn't bring customers back to your store.

For the month of September we are offering 10% off this fantastic new range - so you and your customers can try them at a discounted price!

Customers with standard orders (ie: an ongoing prearranged order that is delivered to you without you calling us) will be contacted by your angel to confirm your orders under the new range, and to replace any discontinued products with products of your choice.

We are very excited about this new range and look forward to sharing it with you.
