

What's cooking?

BOB & PETE'S 100% YUM began as a Sunday morning croissant run in Sydney in 1983 and has developed into a large patisserie and boutique bakehouse, HACCP accredited with more than 490 products and a seven-day-a-week fresh distribution service with systems that push the boundaries of new technologies. The company attributes its success to the fact there has been a huge growth in the number of discerning consumers insisting on freshness, taste and quality who are prepared to pay for a reliable service. Happy 21st birthday.
