Our famous Banana Bread

Made to our own recipe with real bananas, eggs and cream, mixed gently then baked to perfection. Truly 100% Yum.

BANANA BREAD

Known as the 'Rolls Royce' of banana breads, our signature loaves have become de rigueur in the Sydney food scene.

Signature Loaves

Packed full of 'real' bananas our loaves are morishly moist and gloriously garnished. Often imitated, never replicated, our flagship loaves are the original and undisputed best in class.

Whether Gluten Free is a dietary choice or a health necessity, Bob & Pete's has a range of bakery offers that are delicious.

Our philosophy is that all our products, including Gluten Free will always be 100% yum.

For those that medically need a Gluten Free diet, Bob & Pete's products are certified and tested to ensure they are Gluten Free.

Gluten is the protein naturally found in grains such as Wheat, Rye, Barley, Oats and other associated grains. Gluten is very useful in baking as it provides the structure, elasticity and texture for baked products and even helps to stop the filling in a meat pie leaking through the pastry and keeping bread soft. Gluten also provides some of the freshly baked flavours so loved.

In the past, finding substitutes for gluten has been very difficult. Not just for its structural contribution, but also because the taste of the alternatives - such as rice or soy flour - lack the depth and baked flavours that gluten provides.

UNTIL NOW... We stand behind the taste of all our products. The new range from Bob & Pete's will change the way you think about Gluten Free products. From the crunchy Tarts to the soft English Muffins, every product delivers on flavour, function and look.

The Bob & Pete's team, 100% Yum

ALL THE SWEET STUFF, NOW GLUTEN FREE...
